

# CBRNIAC: Where Will It Go?

## Current and Future

### CBRNIAC CURRENT

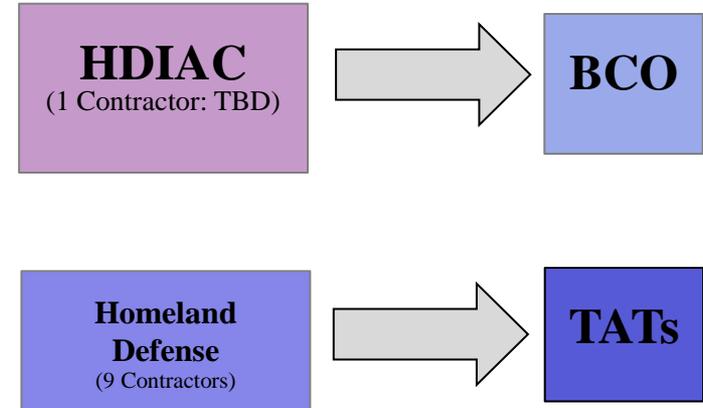

CBRNIAC (Battelle) operates the Basic Center of Operations (BCO).

Battelle is the prime contractor providing R&D analysis for CBRNIAC Technical Area Tasks (TATs).

### CBRNIAC FUTURE

There will be one joint BCO (HDIAC) for CBRNIAC plus a new scope.

This will align with the Homeland Defense structure and reduce overhead costs.

Timeline:

HDIAC BCO: January 2013

Homeland Defense TATs: October 2013
